

## Take Me Home Country Roads - John Denver

---

### [Verse 1]

G            Em            D                            C            G  
Almost Heaven; West Virginia, Blue Ridge Mountains, Shenandoah River.  
G                            Em                            D  
Life is old there, older than the trees, younger than the mountains,  
C                            G  
Blowin' like a breeze.

### [Chorus]

G            D            Em            C  
Country Roads, take me home, to the place, I belong,  
G                            D                            C                            G  
West Virginia, mountain mama, take me home, country roads.

### [Verse 2]

G            Em            D                            C            G  
All my memories gather round her, miner's lady, stranger to blue water.  
G                            Em                            D  
Dark and dusty, painted on the sky, misty taste of moonshine,  
C                            G  
Teardrop in my eye.

### [Chorus]

G            D            Em            C  
Country Roads, take me home, to the place, I belong,  
G                            D                            C                            G  
West Virginia, mountain mama, take me home, country roads.

### [Bridge]

Em            D            G  
I hear her voice in the morning hour she calls me,  
C                            G                            D  
The radio reminds me of my home far away.  
Em                            F                            C  
And driving down the road I get a feeling  
G                            D                            D7  
That I should have been home yesterday, yesterday.

### [Chorus]

N.C.    G            D            Em            C  
Country Roads, take me home, to the place, I belong,  
G                            D                            C                            G  
West Virginia, mountain mama, take me home, country roads.  
G                            D                            Em                            C  
Country Roads, take me home, to the place, I belong,  
G                            D                            C                            G  
West Virginia, mountain mama, take me home, country roads.  
D                            G                            D                            G  
Take me home, down country roads; take me home, down country roads
